“ Chuck was a great friend in Jr. High & High school in Parsons. I was probably just an average '60's nerd in school & Chuck was a Cool & smooth guy but yet he made me feel like I was one of his best friends !! He treated everybody w/that same friendliness. I was always the one he picked to work on his car in our several High School Auto Mechanics Classes that we had together & I considered it a privilege to help him as he was always so appreciative of even the smallest repair. I'll always remember him as a great friend throughout my School years.
