“ Janet, my Angel. She and Marty were always at the hospital when Mom was having procedures. I was taking care of my Dad full time and one day she called and said to take the weekend off that she was going to stay with Dad and give me a break. I didn't know her except that she was my cousin until WOW!!! I had to take my Sister to Houston to try and get liver and kidney transplants. She stayed with Sandy for 1-1/2 months while she was in the hospital. I got to be there about half the time. We became so close. The best part is that she was so close to my Mom growing up and we had so much in common. The last few years with my partner in crime has been awesome! I miss her so much!
