“ Levi .... I dont even know what to say. You left this world to soon. You seriously was always a phone call away. And you helped me through some tough times. We use to always go casino and watch the band and have a bite to eat and you would always make me laugh. You was like my best friend. We use to listen to your music in the truck. I am gonna miss you so much . i know you dont like thw L word but I love ya ! You was a good person with a true caring personality and heart.

“ I met Levi when I was 14 years old. He became my first love and my bestfriend. We spent the next 10 years together before for going our separate ways but that only lasted 5 years before we found each other again. I shared the most incredible one in a lifetime kind of love with Levi. It was pure and true and real. Thank you Levi for choosing me to love! You will always have my heart!!

*From 1 surviving mother to another, I will be keeping you in my prayers. I am not sure I ever met your Levi, but he means a lot to people I love. Those stories I've heard tell me he had a huge heart. Always in our hearts,

*Oh, my. Condolence to the family. I watched Levi grow up, coming into courthouse with his dad, then when he started surveying, I would help him look up records and help him with mapping, It just shocked me to see this.*
