“ *We were blessed with being cousins of Pete. Some of our fondest memories of Pete are watching him play football for Black Hills State University, sharing his beautiful voice in song, and on a still peaceful day fishing in a babbling brook. We are asking Our Heavenly Father to let his comforting spirit be with Joyce, Randy, Rodney, and all other family members and friends. May you feel God's compassion as he weeps with you and may you be embraced in God's love and peace. We will remember the good times, the smiles and laughter. The hopes, the dreams, the joys. We will remember the warm, special moments and the love that will live on for evermore. We mourn the loss of Pete, We honor his memory, and we celebrate the life of someone so special who will be deeply missed. Kent, Janet, Lisa, Lori, Christopher Larson*
