“ *Such a shock to know that my good friend, Mo is gone! I valued highly, our friendship and his great ability to analyze any mechanical problem I had and develop an answer. I will miss him terribly. May he rest in peace.*

*Heard from Ann this morning that Mo. passed away. Mo and I have been friends for over 60 years when we first met at University of Nevada in Las Vegas. We had some wonderful times having lots of fun with cars, etc., and communicating frequently via email. Our thoughts and prayers are with Ann and Mo's family. He will be sorely missed. Your friend, Tom Moore*
