“ I'm just so sorry, you meant and still mean so much to Kaitlain, some days I think about you even though we never met but I just know you treated her so well and made her just so happy and I remember once before we spoke on the phone and when I think of that I just know you made each and every persons life brighter that you came in contact with.

“ I had just met Rickey when he bought a house in Seneca. I helped him set up water service. We had a nice conversation and he seemed like a good guy. When I saw his name in the news article, my heart sank. Life is so precious and can be so short. I'm so sorry for the loss you're experiencing now. I lost my brother in a car wreck 11 yrs ago Dec 3. O would encourage you to go d a 'Bereaved Parents/Compassionate Friends' group. My parents attend one in Joplin. Again, I'm so sorry...

“ Dear Rickey you have made joy in my life and happiness and I took you for granted I didn't know better for four years we had our struggles you were always there for me and made me feel loved. This hole in my heart now will never go away because you're not here my best friend is gone I should of said yes and made more of an effort I feel if I didn't end things in September you wouldn't of been on that bridge. I take full blame for everything; you're such a gentleman with such a heart that was so big. You cared about others, you had a hard life but you always saw the good and smiled. Your niece and nephews will miss you I'm sad your new nephew Blake won't know the gentle loving uncle you are. I'm sad you won't be there for life events in their lives. I'm sad you're not here. I will always love you my penguin 🐧
