“ *Jean was truly a good friend of ours and for the fifteen or so years that we have had the pleasure of knowing her and husband Jessie she has proved to be a friend of anyone who would allow it to be so.*

*She was always willing and able to share her time and talents to any worthwhile project whether it be donning a costume for a parade or baking her wonderful pies for potluck If you needed some help for a project Jean was the go-to lady that you knew would be willing to help.*

*She will be missed by many and remembered for long.
