“ *Shane Baker gave me 14 years of love and memories. He built his fiberglass business from the ground up. He started out of a storage until and then rented until he finally brought his current buildings for Fibertek Marine in Grove, OK.*

*Shane was a master of his trade and very hard working. Shane's employee came and went, but he built his business with his own 2 hands.*

*Yes, Shane battled renal failure and heart disease, but he never wanted that to define him.*

*Shane was about living and enjoying life.*

*There is not a moment or day that goes by that I don't miss you Shane, but all I can say is thank you for giving me and sharing your life with me for 14 years.*

*He was so excited for Halloween. His favorite holiday of the year.*

“*Shane was a wonderful person. We're birthday twins! So, I knew he was cool dude when I met him.! What person born in October isn't? I'm a childhood best friend of Taylors. She was more like a sister so I was always around. Shane treated me as one of his own. He always let me tag along during the summers or weekends to the lake house in OK before they moved down there. He would also come get me or meet my parents halfway, even after they moved. He was always welcoming and took us kids (Taylors friends) on some pretty fun adventures. Taylor and I were always in trouble together, well not always, but nothing like getting yelled at by 2 dads. Hers and mine!*

*Between boat rides, fishing, or getting splashed off jet skis and other trips around Oklahoma it was definitely never a boring time with Shane and his family. I was always very appreciative of him letting me be included. Taylor was my first best friend after I moved to Turner, KS. We were always together. Her place or mine, it didn't matter.*

*Shane was a great man and will be dearly missed by all of us.  
Until Next time, Shane.*

*Rest Easy and Give Taylor a Hug for all of Us!*

*Condolences from the Ring Family*

*-Shelby Ring.*
